EMPLOYMENT HISTORY

SMITHVILLE INC., WICHITA, KANSAS

1995 to Present

Rapid promotion through increasingly responsible positions, implementing manufacturing improvement strategies to capture cost reductions and deliver strong revenue gains.

Chief Operating Officer (1998 to Present) **Vice President - Operations** (1996 to 1998)

Senior operating executive with full responsibility for strategic planning, development and operational management within this aircraft parts manufacturing company. Scope of accountabilities encompass spearheading management of all manufacturing processes (including CNC machine and grind shops, assembly, conventional machining, hand forming and stretching); quality assurance; purchasing; warehouse safety and government compliance; and shipping/receiving. Establish and build strategic alliances with vendors, outsourced processors and key customers to secure expenditure reduction and drive profitability. Staff recruitment, training and support; cross-functional team leadership and development. Identify and implement continuous improvement measures including lean manufacturing, JIT, TQM, cycle time reduction, SPC etc. Smithville Aerospace Coordinator.

- ~ Entrepreneurial drive and vision demonstrated through set-up and development of successful offshore machine shop subsidiary; Smithville Aerospace and a national fabricator/processor of raw materials subsidiary; Smithville Extruding.
- ~ Championed increase of annual sales from \$5 million to \$200 million; grew Wichita premises threefold; and optimized staffing levels through development of successful local/international manufacturing subsidiaries, aggressive turnaround leadership, process redesign and optimization, and implementation of strategic departmental initiatives.
- ~ Captured 50% reduction in overheads through consolidation of departments.
- ~ Optimized productivity 25% through development and implementation of daily performance monitoring and reporting methodologies.

Continued...

- ~ Secured net savings in excess of \$100,000 per year through material waste/cost reduction.
- ~ Decreased accidents almost 100% through introduction of formal Safety Program.
- ~ Authored and received state funding grants totaling \$48,000 for employee training.
- ~ Secured government tax exemption of \$140,000 for capital equipment procurement.
- ~ Pioneered creation and implementation of quality assurance system as per standards approved by major commercial and defense aerospace industry companies.

Quality Assurance Manager (1995 to 1996)

Diverse role, developing and implementing sound quality assurance procedures, with accountabilities spanning Material Manager, Shipping-Receiving Supervisor and Compliance Officer functions.

PHILIPS, KHAN YUNIS, ISRAEL

1990 to 1995

Recruited to spearhead all facets of college start-up, with fast-track promotion to VP role.

Vice President (1991 to 1995)

Oversaw all administrative functions; recruited, supervised and supported 60 administrative personnel. Facilitated exchange of student, staff, educational books and resource materials with various educational bodies through negotiation of memorandums of understanding.

- ~ Instrumental in obtaining college approval from Council of Higher Education.
- ~ Increased college's profile, image and reputation through planning, organizing and initiating conferences, workshops and seminars.

Director of Planning & Development (1990 to 1991)

Planned, developed and implemented start-up initiatives including building, infrastructure, scholarships, equipment, staffing and educational material; researched, assessed and wrote project feasibility studies. Interfaced with key organizations, consulates and embassies. Developed marketing materials to promote college on both national and international levels.

- ~ Secured \$2 million in funding through development of alliances with key organizations.
- ~ Orchestrated start-up and core operational strategies; developed solid foundations that facilitated growth of college to the educational institution it is today.
